

Automation Anywhere

Automation 360 Master Certification

Use Case for Bot Development

Introduction

In this use case, build a bot to automate a process with the business rules outlined below using the Automation Anywhere software. Submit the bot related files as per the instructions given in the certification portal. Read all instructions carefully.

Overview

Your bot must download source data from a web site, unzip the file, then parse through the documents, filling in the existing Microsoft Excel spreadsheet in the zip archive.

Business Rules

The bot you build must adhere to these instructions:

1. Download the source data from here:
<https://rpademo.automationanywhere.com/autograder/usecases/application.zip> and save it to your local drive.
2. Unzip the document onto your local drive.
3. Open the Training Attendees.xlsx file. This is where you will write your data.
4. Loop through all the subfolders and copy the data from the appropriate Excel file into the Training Attendees.xlsx file. Here are the conditions:
 - a. The year must be 2019
 - b. The position must be Sales
 - c. The email must not be blank
 - d. The payment method must be Credit Card
 - e. The price must be greater than or equal to 50
 - f. The status must be paid

Use only the following Packages in your bot:

- XML
- If
- Loop
- Excel Advanced or Excel Basic
- Comment and/or Step
- File
- Folder
- Browser

Submitting Your Bot

1. During bot development, take note of the URL of each bot in edit mode. You will need these three URLs when you submit your bots for grading.

Example: <https://community2.cloud-2.automationanywhere.digital/#/bots/repository/private/taskbots/12345/edit>

2. Keep your use cases in the order that they are assigned to you. Rename your output file so you can remember which of the three use cases it is for.

Example: usecase1.xlsx

3. Return to Automation Anywhere University and continue your Master Certification course to the Bot Submission section.

Final Notes

The format of the output file **must** be as follows: (headings must be on one line)

Application ID	Name	Position	Company	E-mail	Phone Number	Payment Method	Price	Status
1	Jon Doe	Sales	Mishima	j@mz.com	111-222-3333	Credit Card	50	paid

Good Luck and Go Be Great!
